

Quiz 2: Multiplication and Matrices

You will have 2-3 minutes to answer this on your own on your sheet (numbers 6 and 7). Then your team will have 5-6 minutes to answer them as a team (numbers 106 and 107).

Your individual grade, out of ten points, includes .5 points for each correctly bubbled/unbubbled circle (minimum score is 1pt for being here).

6. Which of the following is a logical statement?

- (a) February 13, 2026 falls on Friday.
- (b) February 13, 2026 falls on Monday.
- (c) Green is the best color.
- (d) If every cat can read, then every cat can dance.
- (e) Linear algebra is more interesting than calculus.

7. Select the statements with truth value “True”.

- (a) The number one is positive or the number one is negative.
- (b) The number one is positive and the number one is negative.
- (c) It is not the case that an odd number is even.
